

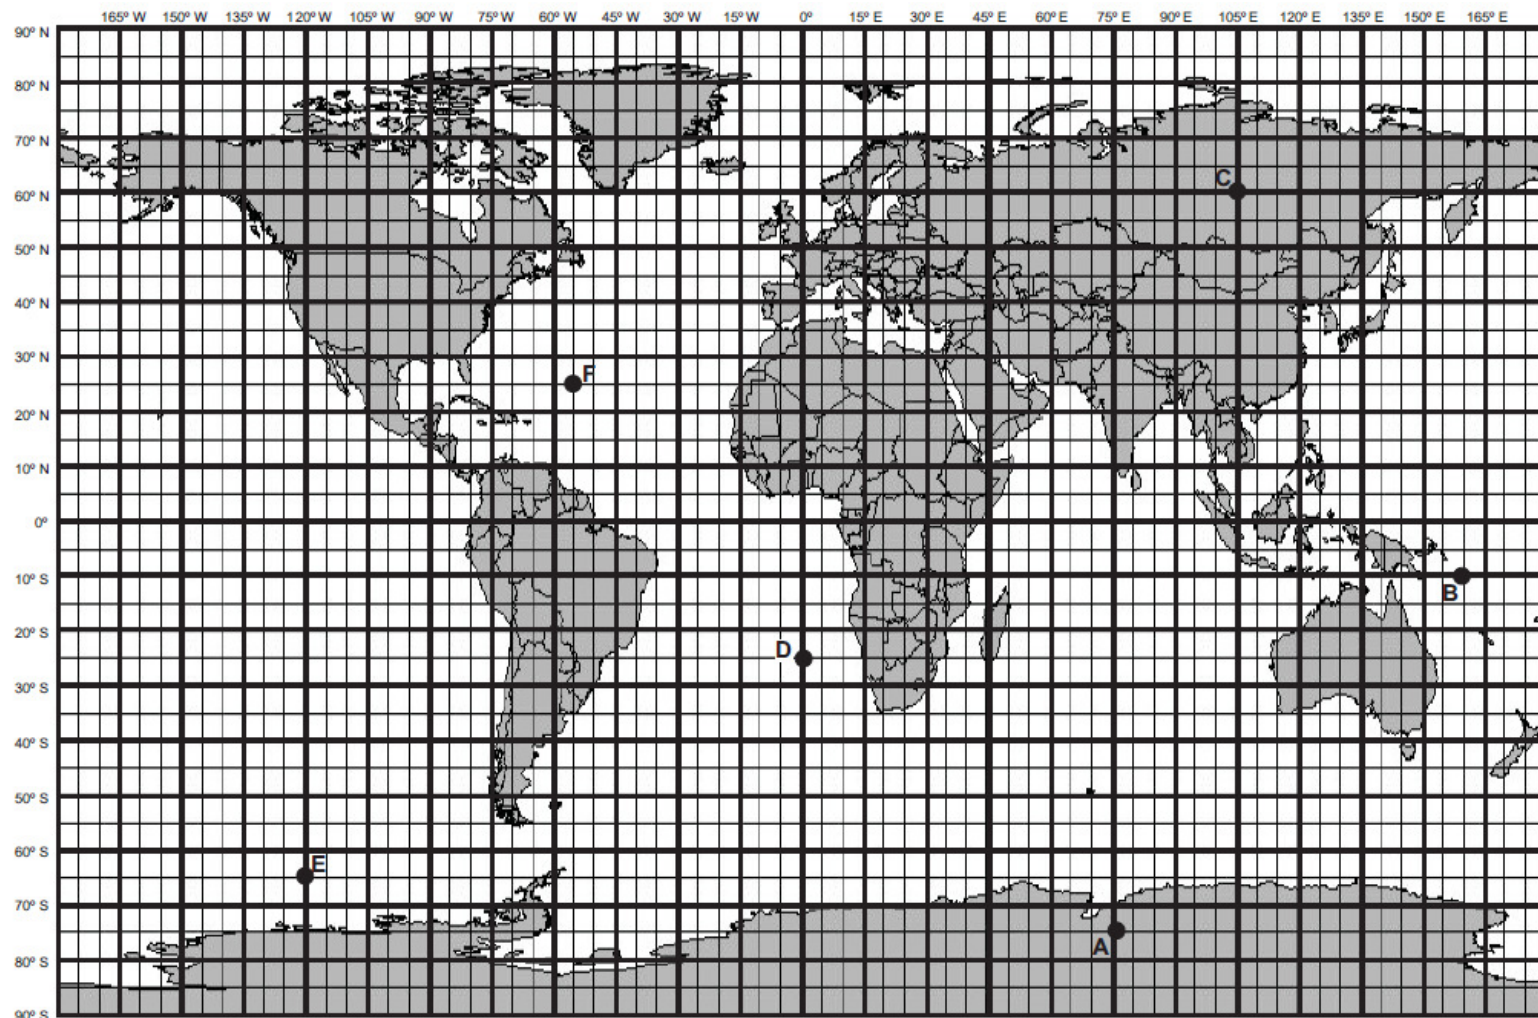

Figure 5: World map with lines of latitude and longitude.

Using Figure 5, determine the latitude and longitude of points A-F.

|   | LATITUDE | LONGITUDE |
|---|----------|-----------|
| A |          |           |
| B |          |           |
| C |          |           |

|   | LATITUDE | LONGITUDE |
|---|----------|-----------|
| D |          |           |
| E |          |           |
| F |          |           |

**\*Don't forget North or South for latitude and East and West for longitude!**
